ALLERGEN DISCLAIMER

Menu Effective: November 2026 | Reviewed every four weeks and updated whenever ingredients, recipes or suppliers change.

This table highlights the food items we sell that contain allergens. Our ingredients and product specifications can change. Even if you have dined with us before, you must inform our staff of your allergen or intolerance needs before placing any orders.

Information in this document identifies the 14 major allergens present in the ingredients used in our standard dishes. Any requested amendments must be approved in accordance with our allergen procedures and may change the allergen information provided.

Unfortunately, we cannot guarantee an allergen-free kitchen environment because our internal food production processes and sourced ingredients may have been produced in environments that handle additional allergens. While we have strong procedures for separating our food during preparation & cooking, some dishes are prepared using shared equipment, such as deep-fat fryers and food preparation/cooking areas.
